situation: Chic restaurant for the renowned French chef, Guillaume Brahimi, in an exclusive Melbourne dining precinct. **solution:** French provincial styling was achieved with acoustic control via the installation of Atkar's Au.diSlat ceiling solution. Integral seamless jointing and concealed mounting together with precision colour matching in a high gloss finish satisfied the demands of Hecker Phelan & Guthrie's brief. Custom design of the panels allowed for continuous flow from walls into the feature stairwell with perfectly integrated lighting fixtures. Delivering beyond expectations, Atkar provided bulkheads and blind pelmets matched to the Au.diSlat system. View the Au.diSlat gallery at www.atkar.com.au/as

1_ Luxurious dining environment
2_ Refined function styling
